Controlled upon completion

This addendum supports a Schools/College current child protection and safeguarding policy, 2020/21. It is part of a series of additional templates that have been issued in 2020 in line with COVID-19 mitigation planning and responses to safeguarding arrangements:

- April 2020, Addendum, Summary of any key COVID-19 Mitigation Planning, Safeguarding and Child Protection changes;
- June 2020, Annex A, The Safeguarding arrangements for the wider Opening of Education Settings to Children from June 1<sup>st</sup>.

This addendum is new information Schools/Colleges need to address to support the Safeguarding arrangements in their School/College to cover for example, recent guidance issued by the Government on Remote Learning and on Local Safeguarding Arrangements as the pandemic continues.

This Addendum also reflects any updated advice from Derby and Derbyshire Safeguarding Children Partnership and from Children's Social Care, Reporting Mechanisms, and updated and available support services.

Key information is found here: <https://www.ddscp.org.uk/coronavirus-safeguarding-arrangements/>

All leaders and including Governors will ensure that they will also keep up to date with changing National and Local arrangements:

## 1. Vulnerable Children/reporting concerns

We will help identify vulnerable children and especially those children who continue not to be in school and use the available services, support and referring in arrangements, with particular reference to:

- The Derby and Derbyshire Safeguarding Children Partnership briefing on safeguarding children at a time of significant demand from September 2020: Appendix 1.
- Community Health Advisors (Mental Health and Wellbeing):

## 2. Maintaining contact

During this time, the safety of our children remains the absolute priority. Therefore, we shall ensure we remain in contact with all of our children who are not in school during this period. Registers will be taken for each daily live lesson in Years 1-6 so class teachers can keep a track of which children have been ‘seen and engaged in live lessons’. If children are not present on live lessons, their activity on Class DOJO (including EYFS) will be monitored throughout the week. School will ensure all children are contacted either through live lessons, Class DOJO or phone calls each week. Year group registers of all contact will be submitted to the Head each week for monitoring. 100% of our school community are engaged with Class

Controlled upon completion

DOJO and are encouraged to message parents throughout each school day with any concerns.

Any vulnerable children will be offered a school place. Any vulnerable children who are not in school will be contacted each week by the DSL. Other professionals, such as Social Workers will always be kept informed.

### **3. Designated Safeguarding Lead (and Deputy) Arrangements**

During this time, there will always be a DSL on the school site. The school currently has 3 DSL's, so cover is available, should this be required. Other professionals will continue to be worked with, and social care meetings, such as Child Protection Conferences will continue to be virtually attended by DSL's. Records will be attached to MyConcern.

All staff members will continue to monitor and record any concerns on My Concern. Alerts of every concern recorded are sent to each DSL, so DSL's are always up to date.

All vulnerable children (including those with EHCP) will be offered a school place during this period. Their individual social workers will be kept up to date as to whether the child is within school. If the child is not in school, DSL's will make sure they are contacted weekly and the social worker is informed.

### **4. Children with a Social Worker**

We expect that our vulnerable children who have a social worker and children with an EHCP will attend our school so long as they do not have underlying health conditions that put them at severe risk.

Where a parent/carer does not want to bring their child to an education setting, and their child is considered vulnerable, we will agree with the Social Worker who will explore the reasons for this directly with the parent and wherever possible encourage attendance. This will include children with EHCP plans and we will liaise with the SEND Team. Any discussions will be communicated to the Social Worker.

If we must close our provision and we have children attending with a Social Worker, we will liaise with other provision in our area to see if they are open and if the child/ren can attend. We will then update the Social Worker and use contingency arrangements for information sharing and recording whilst the child is in the alternative setting.

We will ensure where possible that we have joint discussions with the Social Worker around reasons for any non-attendance and the risk this poses to the safeguarding and welfare of the child. Through this discussion we can plan any next steps to try and ensure the welfare of the child.

Controlled upon completion

## **5. Home Educated Children**

When parents/carers are considering Home Education and or have taken a decision to remove the child from our roll, we encourage an open line of communication and will arrange a discussion with the family. In doing this we will inform them of their legal duties and that they will be expected to provide a full-time suitable education. We will also explain that as part of the procedure for wanting to pursue Home Education, we will notify the Local Authority of their decision and the Local Authority will need to make further enquiries directly with them.

If this decision relates to COVID-19 and there are concerns about the physical or mental health of the child or other family member, we will try and continue to offer reassurances about the measures we have taken to protect their health and wellbeing.

The DfE has published advice for parents/carers considering Elective Home Education (EHE). It sets out clearly, the implications of withdrawing children from school for the purposes of home education. We will in our discussion with parents/carers hand out information and provide this link where the option of EHE is explored:

<https://www.gov.uk/government/publications/elective-home-education>

We will also provide additional information found here:

<https://www.derbyshire.gov.uk/education/elective-home-education/elective-home-education.aspx>

## **6. Remote Learning**

This School/College is operating a mixture of In-School and Home Learning. If any of our children and their families need to self-isolate, for example, we will need to make provision to teach them remotely. In teaching face to face or in a virtual classroom it is important that we take steps to ensure children are protected.

Safeguarding and Child Protection remains as important in this environment as anywhere else, and our School/College will apply the School's Safeguarding Guidance to Remote Learning, just as they would to classroom working. Staff who become aware of any Child Protection concerns will continue to follow the school's/college's safeguarding procedures and the local Derby and Derbyshire Childrens Safeguarding Procedures.

When staff work remotely, we will ensure that the School's/College's Child Protection and Safeguarding Policy is adhered to, and the Managing Allegations Against Staff, Carers and Volunteers policy is followed.

Updated National Guidance provided by the DfE can be found on the following link:

<https://www.gov.uk/guidance/safeguarding-and-remote-education-during-coronavirus-covid-19#virtual-lessons-and-live-streaming>

Derbyshire County Council's 'Education Data Hub' has published advice for Schools/Colleges on remote learning, November 2020, which is available on the following page:

<https://schoolsnet.derbyshire.gov.uk/administration-services-and-support/coronavirus-information/information-and-advice-to-schools.aspx>

## 7. Monitoring Arrangements

This addendum will be reviewed and updated as Guidance from the Local Safeguarding Partners, other relevant agencies or DfE is received, and as a minimum (*every 4 weeks*) by (*K.Chadbourne, Head of School*).

At every review, it will be read and approved by the full governing board.

## Appendix 1.

Final 27/09/20

### Derby and Derbyshire Safeguarding Children Partnership Safeguarding our Children at a Time of Significant Demand

#### What Do We Know?

Between March and September 2020, many children and young people were not seen in their day care or school settings. We know that the lived experiences of children, young people and their families throughout the lockdown period may have been very different to normal; greater contact with family members and household pressures such as employment, financial concerns, home schooling and health, potentially contributing to an increase in domestic abuse and other concerns such as parental mental health and substance abuse and family breakdown. Children and young people are also likely to have had increased access to the internet, prompting concerns about an increase in online abuse and exploitation.

## Controlled upon completion

As children and young people begin to return to day care or school settings there is an understandable anxiety that significant concerns may come to light about their experiences over the last six months, and there is a need to ensure that children and families are able to access the appropriate level of help for their needs.

The messages from the data we have collected and analysed are clear; demand on all services will increase and all services must identify how they will respond, both individually and in coordination with other agencies

## Responding to Emerging Concerns – Essential Questions to Ask

Circumstances for children and young people can be complex. Key to decision making will be your analysis of what you know and whether any new information which has been shared by the child, young person or about them raises specific concerns about abuse or neglect.

- Have you reviewed the threshold document and clarified all the information available to you, from your records and from your work with other agencies, to decide how serious the situation is for the child or young person?
- In all possible cases, have you discussed your concerns with the designated or named safeguarding lead in your organisation? This is an essential chance to reflect on what has been learnt and whether early help may be needed, or the situation is so serious that urgent action is required.
- If the situation does not require a referral to social care, what other services are available which could provide early and appropriate support?
- What action can/should you/your agency take which is appropriate to the identified needs of the child and family, by reference to the Threshold Guidance (e.g. Early Help, direct action from your agency or working alongside another agency).

You can also use the specific sections of the DDSCP Safeguarding Children Procedures to guide you through the process of making a referral.

## Next Steps for Designated or Named Safeguarding Leads in all Agencies

Are you clear on:

- Your organisation's internal procedures for safeguarding children and young people? Do these meet the current situation and availability of support/advice services?
- Where to get help with Early Help assessments and what tools are available to inform your assessment (such as the Graded Care Profile)?
- Where to go for advice on supporting children and young people with specific issues such as concerns around mental health or exploitation?
- All the information available to you, from your records and from your work with other agencies and consideration of the threshold document? Have you reached a conclusion based on all this information to decide how serious the situation is, and that it meets the criteria for a referral?

Further information on numerous topics is available to help you on the DDSCP Website.
