

YEAR 3/4

newsletter

Miss Taylor

WE ARE LEARNING

Writing – Each week we have learnt new skills to enhance writing. Year 3 have been using ambitious adjectives and similes whilst Year 4 are focusing on similes, show not tell and expanded noun phrases.

Maths – Both Year 3 and Year 4 have been focusing on addition and subtraction. Pupils have been using column addition with renaming.

Topic – Pupils are designing and making their own pulleys. Pupils have researched the importance of pulleys and why ships may use this mechanism. We have looked at other everyday objects that use pulleys.

DESIGN TECHNOLOGY KEY VOCABULARY

pulleys
weight
mechanisms
direction
force

REMINDERS

Children must bring water, not juice, in drinks bottles please. Please make sure pupils bring their reading records in every day and homework is in no later than Wednesday each week. Please read with your son/daughter at least 3 times a week.
