

# School Improvement Plan Overview

2023/24

*To further develop the links between school and Parish community to enhance the quality of Catholic Life and Collective Worship within the school.*

---

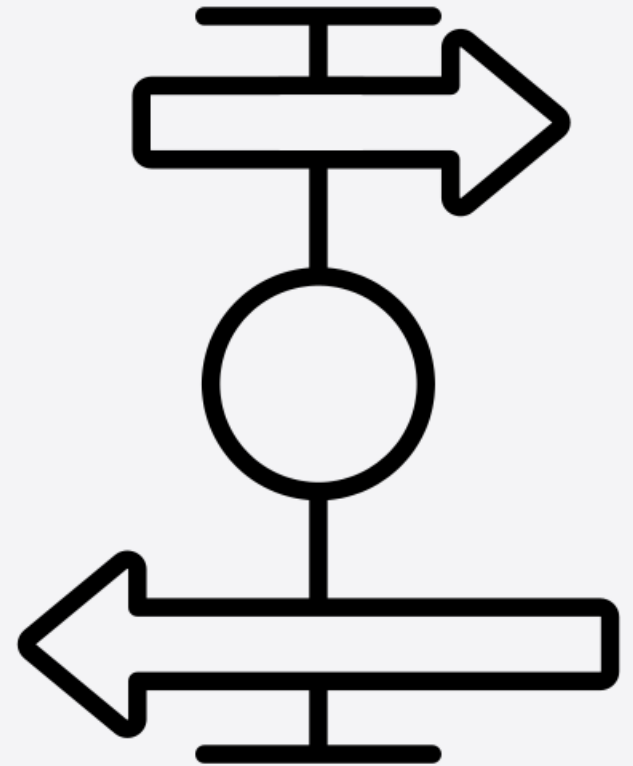

*To ensure that all staff  
have high expectations for  
pupils' behaviour and  
conduct; these expectations  
are commonly understood  
by pupils and are applied  
consistently and fairly. To  
ensure that pupils attend  
school regularly.*

*To improve progress  
and outcomes for all  
learners (including  
SEND and  
disadvantaged) in  
early reading.*

*To ensure that the curriculum is well sequenced and ambitious to enable all learners to know more, remember more and do more and to use assessment judiciously to reshape teaching.*

---

To further develop a coherently planned personal development curriculum offer encompassing PHSE, RSHE, character education and enrichment opportunities within and beyond the curriculum; whilst ensuring that pupils have a firm grasp of Fundamental British values and the protected characteristics, so that pupils have the habits, dispositions and attitudes to be successful citizens of the future.
