# Pupil premium strategy statement – St Joseph's Catholic Voluntary Academy, Matlock

This statement details our school's use of pupil premium (and recovery premium) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and outcomes for disadvantaged pupils last academic year.

#### School overview

Detail	Data
Number of pupils in school	149
Proportion (%) of pupil premium eligible pupils	55%
Academic year/years that our current pupil premium strategy plan covers (3 year plans are recommended – you must still publish an updated statement for each academic year)	2022/2023 to 2024/2025
Date this statement was published	December 2023
Date on which it will be reviewed	June 2024
Statement authorised by	Mrs Stacey Carr
Pupil premium lead	Mrs Charlotte Webster
Governor / Trustee lead	Mrs Karen McCluskey

#### **Funding overview**

Detail	Amount
Pupil premium funding allocation this academic year	£91,620
Recovery premium funding allocation this academic year	£0
Pupil premium funding carried forward from previous years	£0
Total budget for this academic year	£91,620

## Part A: Pupil premium strategy plan

#### Statement of intent

St Joseph's is a happy and supportive school with a hardworking, enthusiastic and dedicated staff team. We have high aspirations for our children, and we believe that all learners should be able to reach their potential.

We are a small, but growing primary school in Matlock, Derbyshire. We serve a varying community with a surprising number of disadvantaged families.

Our intention is that all pupils, irrespective of their background or the challenges they face, make good progress across all subject areas. The focus of our pupil premium strategy is to support disadvantaged pupils to achieve that goal, including progress for those who are already high attainers.

We have a strong ethos of inclusion and crucially a compassionate approach towards engaging and supporting our children and parents. There is a collective understanding of the impact of disadvantage on pupils' learning and staff at every level speak with one voice about our ambition for all our pupils and they all fully understand the part they play in addressing educational disadvantage.

High-quality teaching is at the heart of our approach, with a focus on areas in which disadvantaged pupils require the most support. This is proven to have the greatest impact on closing the disadvantage attainment gap and at the same time will benefit the non-disadvantaged pupils in our school.

Our Senior Leadership have carried out analysis in the learning attitudes and outcomes of our children and will now be supporting our children to be able to manage their own feelings and emotions more successfully to positively impact their learning and behaviour.

Our approach will be responsive to common challenges and individual needs. To ensure they are effective we will:

- ensure disadvantaged pupils are challenged in the work that they're set
- act early to intervene at the point need is identified
- adopt a whole school approach in which all staff take responsibility for disadvantaged pupils' outcomes and raise expectations of what they can achieve

All staff are fully aware of the needs of the children in their care, they interact positively in school improvement and are focused on improving teaching and learning.

# Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	In recent years a high number of our children across all key stages have begun to show difficulties in regulating their own emotions and poor mental health. This has had a negative impact on their attitudes towards and behaviours for learning. 9 children have been identified as needing an Individual relational plan and 18 children have needed to accessed specialist targeted provision in the Orion group and 10 receiving 1:1 or small groups sessions in ELSA or positive Play and 12 receiving Thrive.
	Assessments, observations and discussions have shown that poor emotional regulation and poor mental health challenges particularly affect our disadvantaged and their attainment.
2	Our assessments show that 29% of our pupils across Y1-6 are achieving a lower than expected level in reading. Social challenges beyond school, poor oral language and language comprehension means that pupil premium children do not (on average) develop fluency in reading as early as non-ppg pupils which also prevents them from comprehending more complex texts.
3	Our assessments have shown that in the academic year 2023-24, 40 % of our EYFS children started with a lower baseline assessment in communication and language, 40% in Literacy and 35% in personal, social and emotional development. These lower than expected starting points have a negative impact on attainment through the curriculum, with a particular focus in speech & language and English and maths.
4	Our assessments, observations and discussions have shown that children in our limited life experiences and this impacts on their knowledge and understanding of the world, their general knowledge, imagination and vocabulary. This in turn impacts directly onto Writing and Reading attainment. Regular pupil voice shows that children learn more and remember more when quality first teaching is accompanied by guest speakers, education visits and extra-curricular opportunities.
5	Our overall attendance in 2022-23 has risen to 93.9% but is still below the national average target of 95%.  In the advent term our attendance rate for pupil premium children was at 93.39% which still falls short of the national average target and with 31.94% being persistent absentees. During the advent term 18.6% children were being late more than five times.  The attendance of our pupil premium persistent absentees is proportionately higher than our non-pupil premium children, this has resulted in them missing large numbers of lessons, which break to cycle of learning resulting in lower attainment.

#### Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Improve the emotional regulation and behaviour amongst our disadvantaged pupils.	<ul> <li>Improved and sustained levels of well-being from 2024/25 shown by</li> <li>Pupil voice showing that children feel more regulated and positive about their learning.</li> <li>Children showing daily that they can identify their own emotions and how to regulate them.</li> <li>Fewer occurrences of stage 4 and 5 behaviour incidents amongst all children.</li> </ul>
Improved reading attitudes towards reading across all year groups developing fluency and comprehension.	<ul> <li>KS2 reading and writing outcomes show that more than 60% of disadvantaged pupils meet the expected target.</li> <li>Children have a greater variety of texts for personal and schemed reading books and through classroom reading sessions.</li> <li>A diverse environment for reading established through the curriculum.</li> </ul>
Improve the level of attainment amongst our disadvantaged children in EYFS.	<ul> <li>Improved and sustained attainment for children accessing the Early Years Curriculum.</li> <li>100% of children meeting the Phonics screening check at the end of Y1.</li> <li>Data shows a greater number of children achieving the Early Learning Goals, in Language and communication and literacy and maths.</li> </ul>
Ensure that children are exposed to a variety of experiences and opportunities to develop they curriculum learning and attainment.	<ul> <li>The curriculum is well planned and designed to maximise learning opportunities for all children.</li> <li>100% of children experience learning enrichment through the wider curriculum.</li> <li>A significant increase in participation in enrichment activities, particularly among disadvantaged pupils</li> </ul>
To achieve and sustain improved attendance for all pupils, particularly our disadvantaged pupils.	<ul> <li>Improved and sustained high attendance through 2024/25 demonstrated by</li> <li>The overall attendance rate for all our pupils being no more than 4% and there will be no gap in attendance for our disadvantaged pupils.</li> <li>The percentage of all pupils who are persistently absent being no greater than 10% and the figure among disadvantages pupils being no lower than their peers.</li> </ul>

#### Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium) funding **this academic year** to address the challenges listed above.

## Teaching (Staff training, resourcing, experiences for the children)

Budgeted cost: £17,000

Activity	Evidence that supports this approach	Challenge number(s) addressed	Review Advent 24
We have amended our staffing structure to ensure that a designated Nursery teacher is employed to teach alongside a Reception teacher.  Develop a focused EYFS curriculum, mapping carefully knowledge and key vocabulary.	The Sandringham research school discusses the importance of TA's but not used as an in formal teacher. A Teacher should be supported by a TA not replaced.  https://researchschool.org.uk/sandringham/news/considering-the-relationship-between-ta-and-teacher	3	FT Nursery teacher employed and maintained.  The EYFS curriculum has continued to be developed, knowledge and vocabulary planned.
We will continue to develop the reading and language environment throughout school and across the curriculum.  Create and implement a new personal development curriculum with a variety of book spines incorporating the protected characteristics.  Create a bank of choice and challenge books to encourage a love of reading and more independent reading opportunities.  Continue with a	The LKM Co 'The relationship between reading age, education and life outcomes' states that reading ability has a considerable impact on both educational attainment and wider life outcomes.  Ensuring that all children achieve a reading age of 11, ideally by age 11, is seen as essential to their school career and their ability to make a successful transition into adulthood and the labour market (Dugdale and Clark, 2008a; Gross, 2008; Allen, 2011).		

Continue to assess regularly using the FFT reading assessment tool.			reading and answering. Curriculum changes have
Continue to teach the sequenced vocabulary for each curriculum area to develop strong oracy skills.			taken place to ensure a variety of topics are covered linking to the wider curriculum.
			Assessments have taken place on the FFT reading assessment tool termly. Reading books have been selected based on this data.
			Classes all have class novels read to them by the teacher demonstrating strong role models for reading.
We will provide training for all school staff around behaviour and mental health and well-being.	There is evidence to suggest that targeted school-based interventions have led to improvements in wellbeing and mental health, yielding reduced levels of school exclusion by 31% and improved pupil	1	Training has been delivered by Compass Changing lives.  Lent 2024/
We will appoint a mental health lead to support staff and deliver training where needed.	attainment (Banerjee et al., 2014)		Pentecost 24/ Advent 24/25
We will work closely with Compass Changing Lives and Thrive to support staff and pupils in school.	There is extensive evidence associating childhood social and emotional skills with improved outcomes at school and in later life (e.g., improved academic performance, attitudes, behaviour and relationships with peers)		Thrive continued to work with identified children until the end of Pentecost 24.

# Targeted academic support (for example, pre/post teach sessions, one-to-one

support structured interventions)

Budgeted cost: £56,459

Activity	Evidence that supports this approach	Challenge number(s) addressed	Review Advent 24
To continue to deliver the Little Wandle Rapid Catch- Up Scheme for identified children across Key stage 2.  Assessments carried out by the phonics lead on a half termly basis.  Phonics: Little Wandle Keep Up carried out with those identified as behind in Y1.  Additional blending work carried out for those in Y1.	Phonics approaches have a strong evidence base indicating a positive impact on pupils, particularly from disadvantaged backgrounds. Targeted phonics interventions have been shown to be more effective when delivered as regular sessions over a period up to 12 weeks: Phonics   Toolkit Strand   https://educationendowmentfoun dation.org.uk/educationendowmentfoun evidence/teaching-learning-toolkit/phonics	2	Passed phonic screening check: 6/13 Y1 passed. 2 Y1 did not take test. 3 Y2 passed that needed to resit.  LWRCU Advent: 23 LWRCU Lent: 27 LWRCU Pentecost:18  How many moved off the scheme:13  Y1 Daily keep up: all children on roll in Y1 (13)
To deliver Speech and language sessions to those identified, following the speech and language targets set for them.	Children with poor language and literacy skills at five years have lower education achievement at seven years (Snowling et al, 2011)  One in five children who struggled with language at age five did not reach the expected standard in maths at the end of primary school compared with one in 50 children who had good language skills at age five. (Save The Children, 2016)	2 & 3	10 children are receiving Speech and language. R x2 Y1 X 4 Y3 X2 Y4 X1
To deliver Thrive to those identified as missing gaps in emotional development across all year groups.	The Collaborative for Academic, Social, and Emotional Learning (CASEL) carried out studies that found students who received social and emotional learning instruction demonstrated better	1	All assessments completed children identified –

academic performance than those who did not receive SEL	See additional sheet
instruction.	7/9 made 6 or

## Part B: Review of the previous academic year

#### Outcomes for disadvantaged pupils

We have analysed the performance of our school's disadvantaged pupils during the previous academic year, drawing on national assessment data and our own internal summative and formative assessments.

To help us gauge the performance of our disadvantaged pupils we compared their results to those for disadvantaged and non-disadvantaged pupils at national and local level and to the results achieved by our non-disadvantaged pupils (though these comparisons are to be considered with caution given ongoing pandemic impacts)

	St	National	Pupil	Pupil	Non	Gap	Gap	
	Josephs		Premium	Premium				
					Pupil	(PP/NPP)	(PP	
			JOE	National	Premium		JOE/PP	
						JOE	NATIONAL	
					JOE

Writing							
KS2 - Maths	67%	71%	56%	83%	84%	28%	33%

The data demonstrated that the attainment gap between our disadvantaged and non-disadvantaged children is more positive in some year groups. Tracking for these children is ongoing by subject leaders to identify gaps and strategies to help the attainment of our disadvantaged pupils.

Our attendance data shows a much more positive picture as can be seen in the table below

	Advent 1	Advent 2	National Autumn Term	Lent 1	Lent 2	National Spring Term	Pentecost 1
Overall attendance rate	94.73%	94.87%	94.5%	95.24%	95.3%	94.1%	95.5%

Boys	94.5%	94.01%	94.4%	96.11%	95.7%	94.0%	94.4%
Girls	94.9%	95.53%	94.7%	94.55%	95.1%	94.3%	96.3%
Pupil Premium	93.39%	93.97%	92.2%	93.6%	93.9%	91.6%	94.3%
Lowest 20% (YTD)	n/a	n/a	n/a	93.25%	93.4%	n/a	93.0%
Authorised absence	4.68%	4.43%	n/a	4.44%	4.3%	n/a	3.8%
Unauthorised absence	0.59%	0.7%	n/a	0.32%	0.4%	n/a	0.7%
Persistent absentees	21.71%	16.4%	14%	16.43%	13.7%	14%	14.5%
Persistent absentees – PP	31.94%	22.3%	28%	24%	23%	28%	19.8%
% of pupils with Lates -L (number of pupils) *	21.0% (21)	27.1% (28)	n/a	19.8% (23)	22.2% (26)	n/a	47.2% (59)
% of pupils with Lates – U (number of pupils)	0.05% (3)	0.12% (6)	n/a	0.14% (8)	0.11% (3)	n/a	0.09% (4)

The whole school team have worked hard to ensure children come to school when they are able to. Our pupil premium children are attending school at above the national average. St Joseph's still wishes to improve this further by working with and supporting our Pupil premium persistent absentees.

We have also drawn on school data and observations to assess wider issues impacting disadvantaged pupils' performance, including attendance, behaviour and wellbeing. Our pupils are given a wide range of opportunities to improve mental health and well being. Many of these initiatives have a dual purpose to also improve punctuality and attendance.

Our children have access to a range of Extra-curricular activities, breakfast club, Luna Café, the daily mile and Calm Club.

We recognise have seen little impact from the strategies that we have used previously, in terms of the outcomes for our pupil premium children at the end of each key stage. Following research undertaken by our SLT and our Trust, into 'effective learning', 'cognitive load theory' and 'Rosenshein's Principles' and using information from the EEF we have refined our school curriculum (components and composites) and pedagogical practice to incorporate strategies which are proven to raise attainment for all learners. We have already seen an improvement in outcomes and as of

February 2024, we are on course to achieve our projected outcomes by the end of 2024/2025, as stated in the 'Intended Outcomes' section above.

Our evaluation of the approaches delivered last academic year indicates that

- Attendance monitoring and work with parents
- Extra- curricular offer to all but particularly disadvantaged children.
- Ongoing phonics assessment and Little Wandle catch up program.
- The ongoing development of the curriculum and vocabulary.
- Introducing a new Reading assessment scheme and tracking.

Have all had a positive impact on our disadvantaged children, their well-being and academic achievements. Work will continue in these areas, to consolidate learning and embed knowledge.

We have reviewed our strategy plan and made changes to how we intend to use some of our budget this academic year.
